EXECUTIVE SUMMARY

Entry-level MERN Full Stack Developer with hands-on experience in React.js, JavaScript, HTML, CSS, Node.js, Express.js, and MongoDB through academic and personal projects. Skilled in building responsive web applications, developing RESTful APIs, and implementing CRUD operations. Familiar with frontend development, backend integration, state management, authentication, and version control using Git and GitHub. Strong understanding of modern web development practices and eager to contribute to scalable, real-world applications while continuously learning new technologies.

TECHNICAL SKILLS

Programming Languages: JavaScript, HTML, CSS
Frontend Development: React.js, Tailwind CSS, Bootstrap
Backend Development: Node.js, Express.js
Database Management: MongoDB
Tools & Platforms: Git, GitHub, Postman, Render, VS code

PROJECT EXPERIENCE (MERN STACK)

Admin Dashboard | React.js, JavaScript, Tailwind CSS

- Built a news application that fetches real-time articles from external APIs.
- Applied category filters, search functionality, and optimized API calls for better performance.
- Designed a mobile-friendly interface using modern React hooks and component architecture.

News App | React.js, Fetch API

- Built a file storage web application allowing users to upload, manage, and preview files.
- Integrated folder-like navigation and efficient state management for smooth file operations.
- Deployed responsive layouts with clean and modern UI/UX elements.

Space Storage | React.js, Local Storage

- Built an e-commerce-style admin dashboard with product listing and filtering features.
- Integrated a cart system with add, remove, and update functionalities, along with persistent state management.
- Applied authentication flow and reusable UI components.

TRAINING EXPERIENCE

MERN Full Stack Development

Imagecon Academy   2025 (Aug) – 2025 (Dec)

- Completed hands-on training in MERN Full Stack Development.
- Built frontend interfaces using React.js, JavaScript, HTML, and CSS.
- Developed backend services using Node.js and Express.js.
- Implemented RESTful APIs and performed CRUD operations using MongoDB.
- Worked with Git and GitHub for version control and project management.
